

ABSTRACT

The present invention provides an interactive jukebox including digitally encoded compact discs in a digitally encoded file and a graphic user interface to playing the compact discs, wherein the graphic user interface allows a user to view and manipulate the encoded CDs and select songs from the encoded CDs to be played or supplied. Also provided by the present invention is an interactive graphic user interface for use with a digital jukebox computer system having digitally encoded compact discs in a digitally encoded file format, wherein the graphic user interface allows a user to view and manipulate the encoded CDs and select songs from the encoded compact discs to be played or supplied.
